

OSTOMY POUCHING TRAINER

PRODUCT NUMBER: 1890

DESCRIPTION:

The Ostomy Pouching Trainer™ helps train and educate staff and patients on various stomas, complications, bagging, and general care.

The simulator comes with four different stomas that can be placed in four different locations allowing numerous training scenarios. Each stoma can have either simulated urine or stool discharge to further increase the realism.

SKILLS:

- Stoma care and practice of Urostomy with Stents, Loop Stoma, End Stoma and Flush Stoma
- Urine or stool output stoma simulation
