

Blood Pressure Arm - With OMNI2 Tablet

PRODUCT NUMBER: 1173

DESCRIPTION:

The Blood Pressure Training System with OMNI® 2 includes a **full-size adult left arm** that may also be attached to select Gaumard® adult simulators. This is a versatile training tool developed to assist health professionals teach the processes and skills required to **perform blood pressure auscultation procedures** and techniques.

The package includes the **new OMNI® 2 control tablet** for simple, tap-and-go operation.

SKILLS:

- Palpation
- Cuff placement
- Cuff deflation
- Manual pressurization
- Auscultation of Korotkoff's sounds
- Korotkoff's sound gap detection

- Palpation of radial pulses
- Blood pressure reading
- Professional-to-patient communication

CHARACTERISTICS:

FEATURES:

- Full size left arm that may also be attached to Gaumard® manikin

AUSCULTATION SKILLS:

- Korotkoff sounds K1 through K4 (K5 is silence) audible between systolic and diastolic pressures using real stethoscope
- Korotkoff sounds automatically silenced if auscultation gap is selected
- Korotkoff sounds are responsive to the heart rate and the rate of cuff deflation
- Conventional stethoscope to auscultate Korotkoff sounds in the antecubital area
- Programmable Blood Pressure Auscultation Tutor
- Adjustable systolic and diastolic pressures
- Programable auscultation gap and pulse rate

PALPATION SKILLS:

- Programmable, palpable radial pulse when cuff pressure is less than the selected systolic blood pressure
- Automatic return of radial pulse when cuff pressure is less than the selected systolic blood pressure

OMNI2 WIRELESS CONTROLLER:

- The Blood Pressure Training System with OMNI® 2 is designed for training the processes and skills required to perform blood pressure auscultation procedures and techniques. Now control the arm wirelessly with just a tap using the OMNI®2.
- Connect to the Blood Pressure Training System from up to 12 meters using Bluetooth connectivity.
- Tracks and displays cuff pressure clearly with graphic in real time
- Program systolic pressure, diastolic pressure, heart rate and auscultation gap with just a tap.

INCLUDE:

- 1 Full size adult arm
- 1 aneroid sphygmomanometer unit
- 1 Adapted cuff
- 1 OMNI2 Wireless tablet controller
