- Based on the numerous requests from our military and critical care customers, Rescue Critters is pleased to introduce our Louie Tracheostomy Model.
- Cricothyrotomy may also be performed on the model. Incisions can be made to the skin layers, the cricothyroid membrane and between the tracheal rings.
- Louie comes with three sets of replaceable tracheas and skins and one artificial lung.
- Incisions and sutures can be made on the skins and trachea.
- Additional tracheas and skins may be purchased separately.

INCLUDE:

- 1 Louie K9 trainer
- 3 Replaceable tracheas with skins
- 1 Artificial lung
