

CHEST TUBE MANIKIN

PRODUCT NUMBER: 2622

DESCRIPTION:

This manikin is designed specifically to **teach the theory, anatomy, and skills needed to manage pre-hospital chest trauma**, as well as ongoing chest tube maintenance.

SKILLS:

- Pre-hospital chest trauma complete management
- Chest tube surgical placement and maintenance for pleura effusion
- Tension pneumothorax drainage
- Human chest anatomical structures teaching

CHARACTERISTICS:

- The right side of the manikin has two cut-away viewing areas to provide awareness of the anatomical relationships between the skin surface, musculature, ribs, and lungs.
- The left side has a pressurized tension pneumothorax site to relieve air that has accumulated within the pleural space and is restricting lung inflation.
