- The AED trainer **can work as a Semi-automatic mode (SAED) or an Automatic Mode (AED):**
- Semi-Automatic > Student must push flashing Shock Button to deliver shock(default)
- Automatic > Unit will deliver shock when Shock Button is lit

- The trainer allows to configure a **time space to perform ventiliations**. This option can be activated or deactivated with a button.
- Ventilations On > Time is provided in scenarios to give breaths(default)
- Ventilations Off > No time is provided in scenarios to givebreaths

CARACTERISTICAS:

GENERAL:

- This compact and lightweight unit will give students a realistic training experience with training pads that sense when they are placed on a manikin.
- In addition, the pads are preconnected and voice prompts are clear and calm.
- Instructors can customize their training classes with options to turn on or off the compression metronome and/or the “give breaths” voice prompt.
- With a 3-year warranty and durable long-lasting pads, the AED UltraTrainer was built to last.
- Programming can toggle between two languages and is easily upgradeable for any AHA guideline changes. Comes standard with English/Spanish.
- 2015 AHA Guidelines compliant and updatable
- With play/pause button

HIGH PERFORMANCE TRAINING PADS:

- Clear Anatomical Placement Graphics
- Long-Life Adhesive
- Adheres well to all Manikins with no messy residue left behind
- Unique Pad Connector with locking Connector Pin

INTUITIVE AND COMPLETE INTERFACE:

- Prestan is the only universal AED Trainer with:
- Dual Graphic (Adult/Child) Training Pads
- Pad Sensing System
