

PEDIATRIC HEART & LUNG SOUNDS SKILLS TRAINER - 5 YEAR

PRODUCT NUMBER: 1243

DESCRIPTION:

Teach **site-specific heart and lung auscultation skills** using seamless simulation technology on a 5-year-old patient. Simply press the bell against the skin and listen.

Students use anatomic landmarks on the manikin to locate the site where a specific sound should be heard. If correct, they will hear the appropriate sound through the stethoscope and/or external speakers.

SKILLS:

- Cardiac auscultation assessment
